Hello Mary,

This flyer has the Premier Plus. Did this plan sell too? I did receive this email from Melissa that had the rates and indicated that they were offering 2 plans.

I am not sure if you added these plans as new plans, but I replaced yes for renewing. I have reviewed everything that you entered. There was Enrollment Flyer for Norton with just the Essential & Premier and the Employee Communication Flyer (Contact information should be completed with Morehead's Contact information).

I will also need the following:

Morehead Benefit Guide I have requested this from the group
Guardian's Benefit Summary – there was none of the plans from the prior year in the documents I see you have this now!

Voluntary Life – Attached Email on Open Enrollment Guidelines on Evidence of Insurability Provisions – this line was pending on your email employees with active coverage would need to fill out EOI if they make any changes to their benefit amount, even if it is below the GI amount. On other plans, we are sometimes able to offer an "annual re-enrollment" benefit, however, because this plan has higher max volumes and GI amounts, and no age reductions, they were not agreeable to offering it. Additionally, I wanted to note that employees who previously waived coverage during the initial open enrollment period would require EOI for any new Vol Life election.
Group has a COBRA Class that we will need the Rates I'll send as a follow up later today

There is a scheduled meeting tomorrow at 11:00. Is this with the group? This is just us. If we need the group, let me know!

Thank you and have a wonderful day!

Hi Nanette,

Just checking in here. If we need to hop on a call, I am available for a call until 11 AM CST and then 1-2:30 and then again after 3 PM.

I wanted to make sure you had the attached Norton Lifelock rates. When I entered the 2 new Norton LifeLock plans on the stream site, it asked me if they were renewing and I entered NO because they were new plans, but I'm not sure if that would cause the site to not be setup right.

Thanks,
Mary
